PRECONS CERTIFICATIONS 9:00am – 6:00pm

SCHWINN® CYCLING INSTRUCTOR TRAINING COURSE – Shannon Fable (FitFest Attendee \$175, Non Attendee \$200)

This information-packed day offers you the industry's finest and most comprehensive indoor cycling instructor training, giving you everything you need to become the best instructor you can be. Bike fit, cycling physiology and mechanics, proper technique, the Schwinn® Cycling Coaching Pyramid, and class design, are thoroughly explained and experienced in an interactive format taught by Schwinn® Master Trainer, Shannon Fable. You'll receive a detailed resource manual, a DVD with 10 class designs and real road cycling video clips, a certificate of course completion and experience two power-packed workouts. (.8 ACE CECs/7.25 AFAA CEUs)

AFAA PRIMARY GROUP EXERCISE CERTIFICATION – Special Preconvention price \$199 (normally \$299)

AFAA, the world's largest fitness and TeleFitness® educator, is proud to be part of FitFest 2009 and will offer the Primary Group Exercise Certification for a special post-conference event price of \$199. Sign up early! Space is limited! Who is it for? This program is for all group exercise instructors and will prepare them to take the AFAA Primary Group Exercise Certification exam on the same day. Course highlights: a review of AFAA's Basic Exercise Standards & Guidelines, basic anatomy, exercise science, exercise evaluation, and exam criteria.

The program includes:

- practical application of exercise theory in a group setting
- study guide overview
- question & answer session

Prerequisites: Early registration and self-study prior to the day of the workshop. Group exercise teaching experience is a plus. Current CPR certification (required before certificate is issued.)

Registration includes: Study guide (shipping additional), one-day review, written and practical exams, one-year AFAA membership or extender, including a subscription to American Fitness magazine, 5 CEUs to AFAA Certified Instructors attending workshop only. Study Materials: Fitness: Theory & Practice textbook (required), Practice Test for Primary Group Exercise Certification.

Please contact AFAA at 800.446.2322 to register or to order materials or visit www.afa.com.

PRECON TRAININGS (ADDITIONAL FEE)

Anatomy of a Movement – Leslee Bender (\$59, Includes Bender Ball®) 9:00am – 12:00pm

Training your client and students with an injury for PT's and group X This class is designed to give you exercises that bridge

the gap between fitness and re-hab. If you yourself or a client has been injured either acutely or chronic it stops in many cases exercising.

This session gives you the tools to work around injuries and still have the body you or your clients want and help you to get closer to healing. You will learn that the alignment of the bones is crucial for preventative exercises and why we might be the cause rather than the prevention of injuries as trainers.

FLIRTIFICATION CERTIFICATION – Jenn Hall Special FitFest Price \$169 (normally \$199) 9:00am – 3:00pm

You watch MTV and VH1. You love the moves, the music and the magic of these amazing dance styles. You've thought about teaching cardio dance but didn't know where to begin. Well look no further! You are about to experience Flirty Girl Fitness® – Booty Beat. The Flirty Girl Fitness® Booty Beat program is everything you want and more. Our popular, easy-to-learn dance routines provide the perfect combination of cardio and strength

training. Your clients will feel like they're part of a music video while at the same time they're getting a cardio crazy, core chiseling, booty toning, arm sculpting workout class. Training Includes: Flirtification Instructor Manual, Booty Beat Foundation Moves DVD, Booty Beat Choreography DVD, Booty Beat Flirty Fit & Fired Up! DVD, Booty Beat Music CD, 6 ACE CECs, 6 AFAA CEUs, Flirty Girl Folder, Pen, Keychain and Certificate of Completion.

friday, sept 16 sessions

SESSION 1 – 12:30pm – 2:00pm

BOSU® Xplode – Mindy Mylrea

The ultimate cross-training workshop – done up BOSU style! Learn a unique system for incorporating elements of strength, cardio, core, balance and agility into one full body workout, and brand new exercises that use minimal equipment, minimal space, but give MAXIMUM results! Take the versatility of the BOSU® Balance Trainer to a whole new level, and be prepared for a total body meltdown!

Bender Method of Great Glutes – Leslee Bender

Did you know that your calves and your glutes are incredibly interactive? Poor faulty foot patterns lead to weak or tight glutes that don't work. This session is the most progressive way of working your back side. No more donkey kicks, only the truth of how the glutes react to gravity and ground reaction forces in all three planes.

Outdoor “FREE-RUNNING” Bootcamp

– Valerie Cota

This boot camp takes elements of “Free-Running” (Parkour) and combines them with traditional boot camp exercises for some unique programming and an excellent overall workout and cardio blast!

SEVEN STEPS TO WILLPOWER®

– Stacey Lei Krauss

For thousands of years, The Five Tibetan Rites have been reputed stimulate the endocrine system, and keep the body young and vibrant. Based upon this ancient tradition, the SEVEN STEPS TO WILLPOWER® is a marketable and effective workout or students of any age and fitness level. Your clients don't have time for another discipline? No worries, SEVEN STEPS take only 15 minutes. It's a smart class warm-up or cool-down and perfect for the personal trainer eager to integrate mind-body-spirit techniques.

SESSION 2: 2:15pm – 3:45pm

Core Connection – Mindy Mylrea

The core is the powerhouse of the body and we should attack the core from every angle and in every way. This workshop is jam packed with critical cutting edge core research as well as three amazing Ab and back routines using the every twist and turn in the book. Mindy will show you how one rep done right is better than 10 done wrong. You will learn the best core exercises on the planet!

JumpSport®: BOUNCEcamp – Jeff McMullen

Take the rave of this popular group exercise format and add a little REBOUND! Discover how to create unique and challenging workouts by combining the intensity of interval training with the benefits of the JumpSport® Fitness Trampoline. Learn the principles of interval training as they apply to class format and workout design. Varying intensity, speed, reactive forces, and ROM styles will enhance flexibility, muscular strength and endurance, aerobic capacity and core integration. Walk away with 3 class design templates you can utilize immediately!

BOSU® PILATES 3D – Stacey Lei Krauss

The BOSU® Balance Trainer and Ballast Ball are the perfect accessories to bring a wide range of Pilates exercises into the third dimension. You'll experience ways to execute traditional mat and equipment based Pilates exercises, coupled with the Balance Trainer and Ballast Ball. Includes dynamic and fresh content to use with a student, client, one-on-one training and in group settings.

FOUNDATIONAL BEAMING

SENSATIONAL SAMPLER – June Kahn

Beaming™ teaches you how to transform traditional exercise classes and personal training sessions into an experience that blends consciousness with physical activity performed on a pliable, low grounded beam, encouraging significant lifestyle changes. The Beamfit™ balance challenges harmonize familiar physical movements with mind-body philosophy as you explore barefoot and somatosensory training while integrating balance, precision, stability, strength, endurance and stretch.

SESSION 3: 4:15pm – 5:45pm

Glutes, Guns and Guts – Mindy Mylrea

Buns, Legs, Core and more - these are the areas we need to work and work we will in this creative chiseling challenge. We will start off exploring all the latest cutting edge lower body and core research. You will learn combos that flip flop back and forth and back again between buns, legs, core and a whole lot more. Learn ways to activate one zone of the body while channeling through the other zones.

BOSU® Athletic HIIT Cardio – Keli Roberts

The BOSU® Balance Trainer is an amazing cardio training tool, and can be used to add intensity, power and fun to your cardio conditioning programs and classes. You will learn short cardio sequences intermixed with strength and balance recovery sequences that will challenge even your fittest participants. Perfect for personal training, interval training, H.I.I.T. training, boot camp, circuit training and sport conditioning programs. Get ready because this workshop will leave you breathless!

NAKED BOOTCAMP – Valerie Cota

Want to look and feel better naked? Maybe not during this session but we will get you ready for it with a strength and muscle endurance workout that will burn a ton of calories! Buddy System and Equalizer work that you can do with any class, anytime!

Body Bar: Buddha Bar Flex – June Kahn

Experience this elegant blend of Pilates, yoga, dance as well as core training that will balance your body – strength/flexibility, stability/mobility, power/grace, mind/body. Then add the Body Bar Flex for a resistance component that increases muscular strength and endurance.

TRADE SHOW: 12:00pm – 7:00pm

saturday, sept 17 sessions

SESSION 1 7:30am – 8:45am

Tri Balletone – Shannon Fable

Balletone is more than ONE workout rooted in Ballet, it's a family of programs utilizing fitness, ballet, pilates and yoga inspiration to form a user friendly workout everyone can enjoy. Learn the three principles of Balletone that inspire the creation and delivery of the workout as well as three different combinations from three different Balletone programs.

CAFFEINATED PILATES – JUNE KAHN

Energize and empower your students with this awakening, fresh and uplifting approach to Pilates matwork through a flowing combination of Pilates progressions. Experience core challenges that incorporate fluid transitions for seamless routines and gather endless ideas for your Pilates classes. No equipment used.

Barefoot Running: The road less traveled – Stacey Lei Krauss

We have cheered for barefoot Olympian Gold marathoners and read about the barefoot Tarahumara tribe of elite runners. Learn the facts and be privy to current research. Practice simple barefoot running drills, learn proper technique and supportive guidelines as outlined by Vibram FiveFingers®, the leaders in the barefoot category. (Not a running class; theory and some practical application).

From SOCIAL MEDIA MADNESS To SOCIAL MEDIA MOGUL – Jenn Hall

Does the thought of being “friends” with thousands of people you don’t know, having 100’s of “followers” or being known for “meeting up” with random fitness enthusiasts scare you? This hands-on approach will turn you into a social media butterfly and allow you to work smarter not harder.

JumpSport®: BOUNCE Athletica – Jeff McMullen

Simulate true sport specific training utilizing your own body weight and the JumpSport® Fitness Trampoline, great for all fitness levels and abilities. Explore the science of interval training as nested cycles of cardiovascular conditioning are synergistically combined with drills and skills emphasizing balance challenges and reactive neuromuscular response. Learn new sport specific sequences that are multi-planar, CORE based and FUN!

Schwinn® Cycling: HIIT It! – Keli Roberts

High Intensity Interval Training is all the rage, and it continues to grow in popularity across all workout platforms. Learn the science and, more importantly, the psychology of high intensity interval training, and experience new ways to deliver, measure, recover and repeat high-intensity intervals!

Gliding into Hard Core, Peace Core Training – Lawrence Biscontini

Learn how to maximize both proprioception and body placement to train the body towards its most functional capacity. Lawrence will show you how to create an experience to address core stability and mobility intensely at first and then flow into a more mind-body application of barefoot core challenge using the Gliding disks in both sections.

SESSION 2: 9:00am – 10:00am

Welcome Keynote with Julz Arney

You can build a career you love by finding and keeping great professional mentors. Julz will share the inside secrets she’s been given by those who have generously shaped her 20-year career in fitness and pass on the “must-dos” for courting a high-quality mentor who can help you get ahead.

SESSION 3: 10:15am – 11:45am

TAKE YOUR TOYS and GO! – Jenn Hall

Learn to put together and utilize completely portable drill-based, interval classes with the perfect combination of strength, agility and cardiovascular overload. Discuss “intelligent interval training”, brainstorm ways to incorporate all kinds of light-weight portable equipment, and learn creative ways to incorporate FUNCTIONAL training into this high energy total body workout.

Schwinn® Cycling: From My Class to Yours – Mindy Mylrea

An interval explosion both on and off the bike, based on the industry’s newest results-focused training technique: Tabata. You can expect world-class coaching, motivation, and incredible energy and Mindy will break down all the components of the ride, including music, cueing, imagery, and coaching techniques to make it turnkey for you.

Hot Bod Dance Squad! – Julz Arney

This workout will put you center court, armed and dangerous with dance routines inspired by TV shows and music videos, each one destined to be a hit in a room full of fitness friends. The moves are simple, the breakdowns are snappy, and the final product is fab-you-lous. Julz wants YOU on the Hot Bod Dance Squad.

Core off the Floor – Shannon Fable

Remove the crunches, get off the mat and put medicine balls, tubing & BOSU Ballast Balls in your hand! Learn to twist & pull, lift, shift & shake, or throw & catch while engaging muscles. Learn exercises that are multi-planar, multi-directional and multi-effective.

Glute Camp – Keli Roberts

Boot Camp for the Booty. The Body Bar Flex lends itself to functional movement and enhances integrated balance and core stability. The program incorporates progressive lower body physi-

cal execution techniques, plyometric progressions and exercise guidelines utilizing The Body Bar Flex. Learn critical body alignment, movement pattern, exercise progression and cueing techniques.

Beaming™ Soul-ful Sole-ful Synergy **Lawrence Biscontini**

Join Lawrence for a fusion approach to the mind-body melding of Yoga, T'ai Chi, Chi Gong and Feldenkrais atop a specially designed, pliable, low grounded beam. The tactile properties of the beam accentuate the benefits of stability, mobility and core training while both standing and on the floor. Includes barefoot activity.

Ultimate Metabolic and Calorie Burning Makeover – Len Kravitz

Applying the newest research on spontaneous physical exercise and metabolism, all participants will learn how to complete a Metabolic Profile for their clients. This engaging lecture will explain the components of metabolism and calorie burning, factors that affect RMR, and the latest biomedical research understandings on metabolism and caloric expenditure. All participants will learn 15 documented ways to physiologically boost metabolism.

SESSION 4A: 12:00pm – 1:15pm

Note: If you pick 4A, then 4B is your lunch period.

Best of BootCamp – Mindy Mylrea

This workshop will help you bring that sensation back to your challenge hungry crowd. Using the toys found around even the cheapest of gyms you will learn crazy kick butt choreography, experience an interval workout that is an explosion for the sweat glands, and go home with more drills, skills and games than you could possibly imagine.

Body Bar Flex Extreme Core – Leslee Bender

If you are looking for a core training class that includes vibration training with isokinetic exercises then this is a class for you. The Body Bar Flex is designed to contour-flex-vibrate in applicable exercises to ultimately strengthen the core. The exercises are designed for all levels of students from group and personal training.

Eccentric Exercise: Everything You Want to Know and More! – Len Kravitz

Topics include the history of eccentric exercise, the physiology of eccentric exercise, the sequence of events leading to DOMS, the repeat bout-effect with eccentric exercise, gender differences and age applications, eccentric exercise and rehabilitation, and the mystery of eccentric exercise and metabolism. In addition, Len will showcase 12 great eccentric exercises using multimedia technology.

SESSION 4B: 1:00pm – 2:15pm

Note: If you pick 4B, then 4A is your lunch period.

Turn your Toys into a Tool Box! – Keli Roberts

Learn how to coach your clients how to maximize the effectiveness of every exercise to enhance integrated strength. You will learn five goal driven, functional program designs that offers fast results. Plug and play program design that offers limitless options to create goal-driven strength cross training programming for personal clients or small group training. Keep people coming back for more by mastering the use of your tools!

BEAM-AZING – June Kahn

BEAM-AZING™ explores the best of mind body worlds combining the principles of Beaming™ with Mat and Standing Pilates through flowing balance challenges, performed atop the Beamfit™ Beam in a vertical position. This barefoot training program is designed to burn calories while building strength, stamina and balance. By using the large muscles of the body the heart rate elevates, enhancing the cardio respiratory system, while the Pilates inspired moves on the narrow base improves core strength, balance and flexibility.

Step CELEBRATION! – Jeff McMullen

Step is officially 20 years old! Let's celebrate in style! You've been teaching step since its inception, through its evolution, tap-free progressions, cross-phrasing, and elimination of the filler teaching styles. Now let's pull out all the stops, tie up all the loose ends, and utilize the teaching tools from the past, present and future.

Schwinn® Cycling: Teams and Tribes – Julz Arney

One of the best ways to add energy to your cycling class is to tap into your student's team spirit and camaraderie and build a powerful community of riders within each and every class. Learn how to infuse this type of vibe using simple techniques before, during and after each workout, and experience a ride that will bring your tribe together and your team spirit to new heights!

SESSION 5 2:30PM – 4:00pm

Flirty Girl Fitness®: Fun, Fit and Fabulous

– Jenn Hall

Are you ready to join the hottest dance program around? Developed by women for women, the Flirty Girl Fitness program leads to the fabulous feeling of success, both for you and your participants. Come find out how you can become a Flirty Girl!

Schwinn® Cycling: 10 Minutes to Your Next 10 Rides – Shannon Fable

Let's make class design super-quick so you can get on the bike and deliver that knockout ride! Come learn a simple system for creating an endless cache of exciting cycling workouts that are easy to remember, a blast to coach and physiologically make good sense. Learn to create stages of work based on the Schwinn® Cycling intensity scale and ways to categorize your music for easy plug and play. Now watch, as that one great class becomes your next ten rides!

HIIT/TABATA Training: High Intensity Interval Training at it's Best – Mindy Mylrea

HIIT Training is all the rage. This nonstop powerhouse session will cover current research, programming ideas, and the best HIIT exercises on the planet. Learn motivational cues and focusing techniques to engage and excite your students.

Acoustic Yogahhh – Julz Arney

Acoustic music has layers, depth, clarity, character and most of all: breathing room. Learn to weave this simple concept into your next yoga class resulting in inspiring, new sequences and an uncluttered approach to class design. This workshop comes with

a dozen music playlist recommendations that you can have on your iPod by tonight. Say, ahhhh...

The Female Training Advantages

– Len Kravitz

This original lecture reviews recently published research and the latest technology documenting some unique female training advantages. Gender differences in fat metabolism, muscle fiber changes, muscle strength, muscular endurance, body composition, hormones and other physiological factors are discussed. Resistance and aerobic training program designs, specifically for women, are presented. This ultramodern lecture is a 'must attend' for any fitness professional who trains female clients.

BOSU® Amped! – Lawrence Biscontini

BOSU® Training just got caffeinated! Come experience brand-new exercises, sequences and drills designed to amplify the energy and the results! Full of hard-core training, and hard-core fun, this workshop will leave you with solo, partner and team exercises that can be done with just one BOSU® Balance Trainer per person. You will even learn some new and easy ways to incorporate the BOSU® Ballast Ball (or a stability ball) into your BOSU® workouts. Simple, unique, and full of creativity.

willPower and Grace® – Stacey Lei Krauss

A formatted fusion of postures and drills, willPower & grace® is the high-energy, cardiovascular solution that mind-body practitioners have been looking for. This workout is as philosophical as it is physical; a full-body functional workout meets sports psychology. Learn to strengthen your feet, while progressively correcting imbalances in your ankles, knees and hips, by using guidelines supported by Vibram FiveFingers®, the leader in the barefoot category. This unique workout appeals to "morning moms", sports athletes, and teens, but must be experienced to be understood.

SESSION 6 4:30-5:50

The Science of Longevity – Len Kravitz

In the last decade, the increasing life expectancy of humans has generated intense focus and research on the biological mechanisms of old age and longevity. In this research-driven presentation, Len will also present exciting new research on those persons throughout the world who are living the longest. This groundbreaking research review will discuss the mechanisms of aging and the inspiring new interventions on the horizon to extend one's lifespan.

BOSU® Playground Challenge (Workshop)

– Shannon Fable

Grab your BOSU® Balance Trainer, and get ready to play! Working independently, in partners and in teams, you will walk away with an entire new library of BOSU® conditioning exercises that are interactive, challenging and incredibly fun. Perfect for personal training, boot camp, circuit training, interval training, sport conditioning and kid's fitness.

Bender Method™ of a Pain Free Back

– Leslee Bender

Millions suffer from back pain and stop working out! This affects our business as a whole. Come experience how you can train the back and alleviate pain for perhaps yourself or your students. You will walk away with the latest methods inspired by the Gray

Institute of training with Leslee's interpretation as a GIFT student herself how to break down and understand the dynamic functions of the spine for greater health.

JumpSport®: BOUNCIN' Booty Dance
– Jeff McMullen

BOUNCE into a new approach to dance training and be introduced to the benefits of the Jump-Sport® Fitness Trampoline. Learn how to synergistically combine the cardiovascular benefits of a dance routine with the reactive surface of trampoline and triple the training effect your students or client's experience, during their workouts, no matter what their fitness level or ability.

4P Bootcamp (Pushups, Plyos, Pull-ups and Power) – Valerie Cota

Do you want to be stronger? Besides squats you have to be good at Pushups and Pullups and this session shows you how with simple and effective strength training moves on the Equalizer and Buddy System. Plus some creative new Plyo and Power moves! Be Prepared to work!

Schwinn® Cycling: Remixed and Redelivered – Stacey Lei Krauss

Learn how to remix and redeliver the great cues, drills and interactive moments you're already teaching to make your rides feel brand new. We'll take a dozen classic indoor cycling elements seen in class after class and spin them off in ways that will make you say, "I never thought of that!" You'll leave with a pocketful of inspiration and new tools for recreating fantastic workout moments for your students in a snap.

TRADE SHOW: 9:30 – 2:45 & 3:45 – 7:00
